## SCHOOL EXAMINATIONS.

KAULAHUA SCHOOL.

This school situated a little way  
from the makai side of School street  
and generally known as the School  
street school, is under the able man-  
agement of Mr. C. H. White, assisted  
by Mrs. Woods and Misses Hare,  
Mist, Lofquist and Green. About 280  
children attend it, of whom about 220  
were present yesterday to assist in  
the closing exercises for the year.  
In the four primary rooms the  
ordinary daily routine in dictation,  
reading and arithmetic was gone  
through until 10 o'clock, when the  
various classes were dismissed.  
Samples of really handsome and legi-  
ble writing considering the size and  
age of the scholars were to be seen  
on all the blackboards in these rooms.  
The work done in these rooms re-  
flects credit on Misses Green, Lof-  
quist, Mist and Hare, the respective  
teachers. The Principal's room was  
besieged by an eager crowd of friends  
and relatives of the pupils engaged  
in watching and applauding a very  
fine program of recitations, songs,  
and dialogues which were being  
given by his own pupils and some of  
Mrs. Woods', the Vice Principal.  
Prior to the exercises a little of the  
ordinary school work in reading, writ-  
ing, etc., had been attempted, but the  
crowd was so great that it had to be  
concluded for want of room for the  
children to get at the blackboards.  
The program opened by a song taken  
from the Tonic Sol Fa songs book  
rendered by the combined classes.  
All the singing is here taught on the  
Tonic Sol Fa method as recom-  
mended by the Board of Education.  
Following three recitations by some  
of the younger members of the class  
came a nice selection performed by  
Mr. White and eight of his boys on  
hand bells. This was a novel feature  
in school entertainments and the pre-  
cision which the boys displayed in  
taking up their parts and evoking  
sweet melodies from such apparently  
unmelodious material as a brazen  
hand bell gave great satisfaction to  
both pupils and visitors. It appears  
that one of the regular boys had  
been suddenly taken ill on Friday so  
that the boy who took his place at  
such short notice must have been  
carefully trained in music reading to  
do so well. Other recitations both  
solo and in concert followed, inter-  
persed by class singing and selections  
on the bells.  
The most enjoyable pieces were a  
dialogue on the craze for bargain-  
hunting in foolish people, excellently  
rendered by five little girls trained  
by Mrs. Woods, and a comic dialogue  
entitled "The French Class," rendered  
by five boys trained by Mr. White.  
Throughout, however, the excellent  
pronunciation and clear articulation  
of what was a foreign tongue to most  
of the pupils was a noticeable fea-  
ture. The morning's entertainment  
closed about 11 o'clock by a pleasant  
cantata for girls' voices nicely ren-  
dered by about 14 girls, entitled  
"The Queen of Choice," and accom-  
panied in a masterly manner by Mr.  
White on the organ. The whole ex-  
hibition taken in connection with the  
excellent specimens of work on the  
blackboards reflects great credit on  
Mr. White and the way in which he  
conducts his schools.

**SOCIAL FIREMEN.**

Yesterday's fire did not prevent  
the Protection Hook & Ladder Com-  
pany from giving their regular  
monthly social last night. This ex-  
cellent feature of firemen's life has  
been recently instituted by Foreman  
Geo. Norton to arouse a feeling of  
brotherhood amongst the members  
of his company outside of that excit-  
ed by the fact of a common endeavor  
to perform a public duty. Last night's  
entertainment served to bring to the  
front the fact that there is quite an  
amount of musical talent in the com-  
pany both instrumental and vocal.  
Amongst the visitors present were  
the Hon. Mr. Koahe, Representative  
from Hilo, Chief Engineer Asch, As-  
sistant Foreman J. D. McVeigh of  
No. 1 Co., Foreman W. H. Greig of  
No. 2, W. F. Love of No. 4, Fore-  
man Chang Kim of No. 5 and G.  
Brunns of the Fire Police, and rep-  
resentatives of the BULLETIN and Ad-  
vertiser. Mirth, music and merriment  
were the order of the day if one so  
speak of an evening entertainment,  
and after refreshment the com-  
pany separated well pleased with the  
sociable amusement afforded each  
other for a couple of hours and wish-  
ing every success to the Hook lad-  
dies and their genial foreman in their  
new departure.

**GLASS TYPE.**  
The French newspapers are just  
now testing a novel sort of type,  
some made of malleable glass by a  
new process. The new types pre-  
serve their cleanliness almost indefi-  
nitely. They are said to wear better  
than those made of metal, and can  
be cast with a sharpness of line that  
will print more distinctly than is pos-  
sible with the old style type. La  
Patrie is now printed entirely on  
glass type.  
The best spring medicine is a dose  
or two of St. Patrick's Pills. They  
not only physic but cleanse the whole  
system and purify the blood. For  
sale by Benson, Smith & Co., Agents.

**NOTICE TO MARINERS.**  
During the process of deepening the  
channel at the entrance to Honolulu  
harbor the Dredger will be in opera-  
tion night and day. At night there  
will be a danger signal placed on the  
forward derrick of Dredger about 30  
feet above sea level, which can be seen  
by all vessels approaching the harbor.  
The signal consists of Red Red  
of three red lights Red  
and a white light  
as in the diagram, White  
the red lights being  
about 3 feet apart  
with the white light  
in the center. Red  
All steamers crossing the bar will  
stop at a safe distance from the Dred-  
ger and give one blast of their whistle  
which will be answered by a single  
blast from the Dredger, to be fol-  
lowed by three blasts from the Dred-  
ger when the passage is clear and they  
can proceed.  
The Tug will be on hand when not  
otherwise engaged to assist sailing craft  
in passing the Dredger when neces-  
sary.
